## FOR IMMEDIATE RELEASE

### **CDC to Launch “CDC 20 Year Innovations in Public Commerce” Coffee Table Book**

**PETALING JAYA, 20 JUNE 2019** - Commerce Dot Com Sdn Bhd (CDC) will be launching a coffee table book to commemorate its 20<sup>th</sup> anniversary this June. The special event will be held in conjunction with the company's 20<sup>th</sup> Anniversary Celebration and Puncak Semangat Group (PSG) Raya Open House, which is scheduled to take place on 27 June 2019, at Wisma Commercedotcom here.

The commemorative book, “CDC 20 Years Innovation in Public Commerce,” documents the journey of the company in its effort to bring digital transformation to the Government procurement services in Malaysia over the past 20 years. It will take readers back in time from the day when the company first started in 1999. The book also highlights the evolution of ePerolehan since its implementation in 2000.

Together with the commemorative book, CDC will also unveil a book on the company's expedition to Everest Base Camp, “Everest Base Camp Expedition 2019.” The 14-day expedition, which took place in April this year, was undertaken to reflect the company's 20-year journey. It involved eighteen members of CDC staff and Government officers from various Federal Ministries.

Apart from the book launch, there will also be a cake-cutting ceremony to mark the company's 20<sup>th</sup> anniversary. PSG and CDC Executive Chairman, Tuan Syed Azmin Syed Nor, will be present to deliver the opening speech for the special occasion.

Established in 1999, CDC is the developer and operator of the Government electronic procurement system, ePerolehan. The national project was implemented under the Electronic Government initiative as part of the MSC Flagship Applications. The Malaysian Government was the first in the world to implement electronic procurement on a nationwide scale when ePerolehan was introduced in 2000.
